

Park Hills Homeowner Association Board Minutes September 16, 2008

Attendance: Susan deRoos, Wally Howard, Sandi Cloppert, Kay Bostrom Absent: Garrett Levy

The meeting was called to order.

Due to the power outage, the financial and secretarial reports were held until October.

Old business: Steve Leeker, a former board member, has requested reimbursement for signage purchased when the trail opened. A search of records will be made prior to payment.

Grounds: Wally reports Brickman was here promptly after the storm to remove severely damaged trees near the division entrance. Some others in the Giverny dip will require attention soon. Wally continues to search for a stonemason to repair the gazebo wall. RLA Utilities (554-1469), the builder of the stone walls in the village median strips was suggested.

Design Guide: Susan reports the revised design guide will appear on the website and residents will receive a postcard notifying them of its availability. Those residents lacking email can request a print-out of the guide by contacting any board member. Residents may request in writing to have certain items such as fountains or statuary grandfathered when the revision is adopted.

The next meeting will be October 21.

The meeting was adjourned.

Respectfully submitted,
Kay Bostrom
